 (Cnr Hawkesbury Road & High School Drive)

Inaugural Leadership Conference

**Called to Shape the World
 Leading with Wisdom**

Join with us for a very special day of learning, questioning, resourcing, and upskilling for the call to leadership. Then become part of a leadership network of conversation and practical help.

Winmalee Presbyterian Church
9.00 am-4.00 pm
Saturday 17 March 2018

We are created to shape the world. In a fast paced, technology-laden world where outrage and conflict are quick responses, it is easy to become a spectator... or to be overwhelmed and step back. The world needs leaders with character and confidence to step up.

This one-day conference seeks to equip you for leadership that is wise, courageous, and compassionate.

We will be exploring questions like:

What is leadership?

What are the biblical grounds?

What is a leadership community?

What skills and character do we need?

How can we begin the leadership journey?

ABOUT OUR PRESENTERS

Rod Thompson: Rod was National Principal/CEO of Laidlaw Theological College in Auckland NZ from 2010-15. He is currently pastor of the Springwood Presbyterian Churches. He completed doctoral studies in Education through Macquarie University.

Elizabeth McClean: Liz has worked in a variety of corporate and church settings for over 30 years. This includes 7 years in which she ran her own consultancy business specialising in dispute resolution, quality assurance, risk analysis, change management and industrial relations. Liz is currently the CEO of Jericho Road, the justice and mercy ministry of the Presbyterian Church in NSW.

Graeme and Sue Swincer: Graeme has been an agricultural scientist, international development programs coordinator, and cross cultural consultant. He taught at a seminary in Indonesia in the 1970s and worked with World Vision and similar organisations for 30 years. Graeme and Sue now work with asylum seekers, offering support, writing submissions and research articles.

Russell James: Russ has had a highly successful career in business. Among other things, he established TC Advantage, the Australasian support business that became the best in the world for the development of TerraCottem®, a world-leading environmental technology. He speaks from a wealth of experience.
